# WHAT WE OFFER

## SOURCING & PRODUCTION

We are working with different product ranges & product strength with more than 30 factories in Bangladesh.

## STRONG MERCHANDISING SETUP

The Merchandising team is closely communicating with individual production units promptly in terms of Sampling, Production Planning, Inline Inspection, FRI & Shipment.

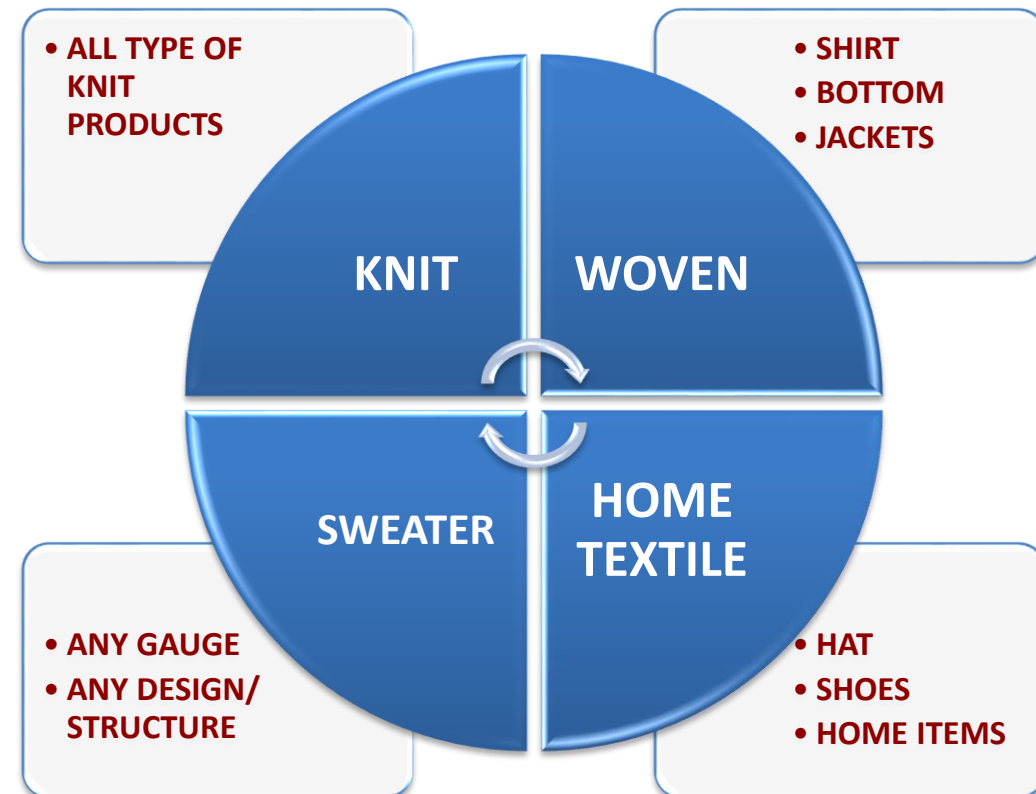

## VERTICAL QUALITY SETUP

We have vertical Quality setup to maintain desired quality. Because quality is the Key to success in Business. We have QA concern at every production station for full time as well as a regional QA Manager who frequently visit the stations & troubleshoot.

## DESIGN AND GRAPHIC SERVICES

Our strong design and graphic teams proposes several times a year new ladies, men, kids collections matching with our buyer's needs.

## MASK & SPECIAL FABRICS

Recently our textile divisions developed anti-viral fabric to help fight against **CORONA VIRUS (COVID-19)** or any other virus or bacteria. The microbes are blocked instantly and will be killed within 120 seconds and with an assurance that it works 99.99%.

The fabric will be tested and validated under test norm ISO18184 and has regulatory coverage. It is EU Reach compliant and the main ingredients are registered with US Toxic substance control act (TSCA) and US Environmental Protection Agency (EPA).

The fabric can be used to make **GARMENTS, MEDICAL GOWNS, MASKS** and Other Personal protective clothing.

For the PPE fabrics they are solvent and fluid repellent in 100% polyester composition, have high tensile and tear strength and are wash durable up to 20 washes.

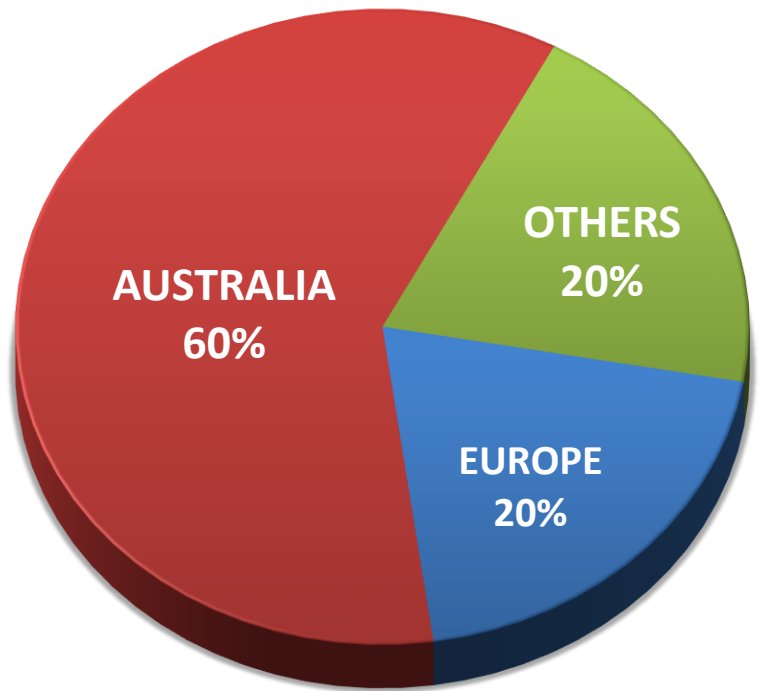

Our textile division can easily achieve below special finishes on circular knit fabric.

- **Anti-Microbial Finish.**
- Water –Repellent Finish.
- **Anti-Virus Finish.**
- Soil Release
- UV protection
- Teflon .
- Cool Touch
- Cotton Touch
- Moisture Management
- Easy care finish
- Anti-pilling Finish
- Wrinkle free Finish
